25X1

1. Thirty-two twin-engine aircraft fitted with in-line engines and double rudder assembly, the same type as previously observed there, were parked at the Cottbus (N 52/A 57) airfield on 22 February 1950. Three of these planes took off in unfavorable weather at 4:15 p.m. heading northeast. Several detonations were heard from this direction at 4:45 p.m., but the landing of the aircraft was not observed.

25X1

2. There was no flying at the field on 23 February 1950 between 9 a.m. and 3 p.m.

Comment:

a. The number of aircraft observed by both sources is in agreement and therefore seems credible. Other aircraft are assumed to be housed in the hangars. From previous information two regiments of the 301st Bn Div are assumed to be stationed in Cottbus.
